SUMMARY

Hello! I'm **Saurav Dhapola**, a passionate cybersecurity student currently pursuing a Bachelor of Computer Applications (BCA). My primary areas of interest include penetration testing, web application security, and malware analysis. With a strong focus on network security and ethical hacking, I strive to enhance my skills in securing systems and protecting organizations from potential threats. I'm always eager to learn and implement new cybersecurity techniques and stay updated with the latest industry trends.

EDUCATION

BCA - Bachelor of Computer Application

Surajmal University

📅 2023 - Present

PROJECTS

SecureCorp Penetration Testing

Conducted penetration testing for a fictional organization.

Damn Vulnerable Web Application (DVWA)

Worked on exploiting vulnerabilities in a web application.

Wi-Fi Network Fortification

Enhanced security measures for a Wi-Fi network.
